DETAILED ACTION

Response to Amendment

1. The declaration under 37 CFR 1.132 filed 10/22/2010 is sufficient to overcome the rejection of claims 1-7, 9, and 10 based upon 35 USC 112 and the objection to the amendments to the specification.

3. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious the method of claim 1 comprising impregnating styrene modified olefin resin particles with blowing agent to obtain expandable resin particles, impregnating the particles at the specific process conditions and use of the claimed surfactant composition in addition to other limitations present in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
